

Westport rink hosts Gault energy savers

Westport-based Gault Inc., an energy company serving southwestern Connecticut, is holding events from noon to 2 p.m. today and Feb. 15 at Westport's PAL Ice Rink at Longshore to educate the public about ways to reduce their carbon footprint during the winter.

The Gault-Polar Bears International Alliance has transformed the pavilion into an energy conservation zone. Banners will display tips on how to conserve energy.

Wearing their signature white down jackets, the Gault-PBI Polar Bear Empathy Team will deliver a kid-friendly "chalk talk" to visitors, with the help of team mascot Polar Paulie. Free hot chocolate and eco-friendly shopping bags will be handed out. For more information, visit www.gault-pbi.com.
